APOSTILLE

Schulfarm Insel Scharfenberg is a boarding school with a simply fantastic location: on beautiful Island Scharfenberg in Lake Tegel. The Island is within the city limits of Berlin, northwest of the city center. As this school is a public school, it is significantly less pricey than the other boarding schools around Berlin, which are private schools.

Location	Berlin
School type	Public grammar school with boarding
Highlights	Close to nature, school farm with sheep, pigs and horses, you can do horseback riding and as there is water all around canoeing and sailing are possible, too
Size	500 students, 90 boarding students, 15% international students
Requirements	Minimum age 15, German level of B2
Entry	Only at the beginning of the school year in August/September, minimum stay: 1 school year
Abitur	Possible, if you join in class 10 and stay till class 12
Price	13.500 Euro per year Incl.: placement, GLS Starter Weekend, transfer upon arrival, boarding, supervision, full board, assistance with residence permit
Closing times for boarding	During summer and Christmas holidays

The School

... was founded in 1929, on the grounds of a beautiful farm with horse stables and botanic garden. All school facilities are on the island - classrooms, photo laboratory, cafeteria, sailing station, boarding houses for boys and girls. The whole island belongs to the school, it is not only a very safe, but also a very beautiful environment - with lots of opportunities for swimming, sailing and canoeing. It takes about 50 minutes to get to the city center of Berlin: by ferry or rowing boat first, then bus or metro.

Learning with head, heart and hand... the students live, learn and work according to this motto at the school farm Insel Scharfenberg, is a state grammar school with an affiliated boarding school. The school farm is a "school of special pedagogical character" and is run as a tied all-day school. This includes:

- a school's own kitchen with catering
- a special teaching concept: Trimester instead of half-years (7th - 9th grade)
- a new rhythmisation of everyday school life in 60-minute and 75-minute blocks
- learning in another form ("LiaF"): project weeks spanning several subjects and years
- wind and water sports
- binding project teaching: practical learning, e.g. horticulture, agriculture, horse riding, sailing, rowing, scientific experimentation, beekeeping
- elective (9th/10th grade): e.g. Spanish, Latin, Biology, Chemistry, Physics, Music, Water Sports, Arts, Performing Arts, Political Science, Languages: English, French, Spanish

The boarding school consists of single houses with 2- and 4-bed rooms and accommodates approx. 90 students. Educational support is provided by the dedicated team of educators and a social worker from the independent organisation tjfbg.

School and boarding school form a pedagogical unit. Both areas work towards common educational goals and are characterized by a spirit of solidarity. School and boarding school committees work closely together and solve emerging conflicts in solidarity. The pupils - also in the tradition of the founding years of the school farm - are involved to a high degree in the design and decision-making processes of the community togetherness.
